BUILDING CITATION

These two gas lamps, positioned at the corner of Bath Lane and Lydiard Street,
and at the Southern end of Craig's Hotel, are of great interest.   They represent
two of the last remaining gas lamps attached to a hotel, and are constructed in
cast iron and glass.   The name "Craig's Royal Hotel" is incorporated into the
lamp design, as was usual for hotel lights.   They were probably erected in
1890-1900.   They are extremely important streetscape components to the Lydiard
Street precinct, and as a pair attached to an ornate hotel are possibly unique
to the State of Victoria.

RECOMMENDATIONS

It is recommended that these two lamps be added to the Historic Buildings Register
the Register of the National Estate, and be specified under Clause 8 of the Town
and Country Planning Act (Third Schedule).
