CONSERVATION AREA

A black and white photograph of a large, dark, rectangular structure, possibly a ship's hull or a large building, oriented vertically. The structure is dark and textured, with a lighter, possibly white, section on the left side. The image is grainy and has a high-contrast, almost abstract quality. The lighter section appears to have some decorative elements or structural details. The overall composition is vertical, with the dark structure dominating the right side and the lighter section on the left.
