

Individual Building Information
HERITAGE RESIDENTIAL ZONEBARKERS ROAD, XAVIER COLLEGE CHAPEL

Grading :- . . . A

Period :- 1927 - 1934 . . .

Build Type :- CHAPEL

Other Controls :- Registered by National Trust.
- Recommended for HBR and RVE

Outstanding Features :- Constructed in Sydney sandstone,
- this Chapel exhibits successful Renaissance revival
- architecture. It has a giant order ionic portico.
- flanked by squat towers, and a tall dome set
- on a high drum to the centre of the church.
- Built on top of a hill between the two world wars,
this chapel proves to be a historical Kew landmark.
