Darling Road Precinct

Schedule of Buildings

The following schedule is to be read in conjunction with the Heritage Citation Report for the Darling Road Precinct. Definitions of the gradings are explained in the *Stonnington Heritage Guidelines*. Building gradings reflect the intactness of the built form on the site and its streetscape context. Buildings have been graded according to their relationship to the identified significance of the precinct and the ability of the built form to demonstrate key historic themes in the development of the area. It should be noted that a property may have characteristics other than built form (such as subdivision pattern, orientation, location) that also contribute to the historic themes and the significance of the precinct as a whole.
