

Location: Behind gatehouse on Barnard St

Built: Post 1950

Date range:

Designer:

Builder:

History:

There had been a caretaker house and carport in this area shown in aerial views in the 1960s. This gardener's shed may be a modification of that building caretaker building. Being such a minor site element there is little known history of the structure.

Description:

A simple gable ended building with a metal roof in what appears to be an environmental pine sheet cladding.
